Amaze your friends and fellow gamers every time you fill this 300ml ceramic mug with your favourite hot beverage and the outer design changes from black, covered with Mario Kart references to reveal an incredible full-colour wrap-around design with a large Mario Kart graphic. Any gamer or fan of Nintendo, Mario Kart, and Super Mario will love this amazing mug. As well as being a great gift, collectors of official Mario Kart merchandise will welcome this addition to their collection of authentic memorabilia.

As your drink cools down the mug reverts to its original look ready for you to enjoy the transforming action the next time you add a steaming hot brew. Brighten up breakfast time or keep yourself refreshed as you enjoy your next Mario Kart adventure, this incredible yet practical mug will become a firm favourite used again and again. Supplied in a printed box.

Add a hot drink and watch the design transform
