

Blaupunkt WS20BK

Model: WS20BK

Manufacturer: BLAUPUNKT

EAN: 5901750508073

Product Code: 405133

R1,156

Blaupunkt WS20 is a modern weather station that combines functionality with an elegant finish and LCD display.

The WS20 is distinguished from other Blaupunkt weather stations by its unique function of displaying the days of the week in 15 language options (English, German, French, Spanish, Italian, Dutch, Danish, Portuguese, Norwegian, Swedish, Polish, Finnish, Czech, Hungarian, Russian).

The station's measurement system includes precise monitoring of temperature and humidity both indoors and outdoors.

A wireless outdoor sensor regularly sends updated data to the main unit, providing up-to-date information on atmospheric conditions.

The unit's functionality also includes a time display in 12- or 24-hour format, a calendar with current date and an alarm with snooze function.

The system can be further expanded with additional external sensors, supporting up to three sensors at the same time, allowing for comprehensive temperature monitoring in different locations.

Product type: Weather station with external sensor | Display: LCD | Clock: Yes | Alarm clock: Yes |

Meteo station power supply: 3 × AA batteries (included) | External sensor power supply: 2 × AA

batteries (included) | Meteo station color: Black | Meteo station dimensions (cm): 21.5 × 11.2 × 1.8 |
