

Lovio LVHD001PK Hair Dryer With Ionization AirFlow

Lovio LVHD001PK Hair Dryer With Ionization AirFlow

Model: LVHD001PK

Manufacturer: LOVIO

EAN: 5902510616557

Product Code: 405135

R1,715

High-speed 110,000 rpm BLDC motor for fast drying in as little as 3 minutes — without high temperatures.

Low-noise operation (59 dB) and reduced electromagnetic emissions for safe use, even around children and pregnant women.

Automatic shut-off protection prevents overheating if air inlets become blocked.

Advanced plasma ionization reduces static and frizz while smoothing hair and adding natural shine.

Intelligent temperature control with real-time monitoring to prevent overheating and protect hair ends.

NTC hot & cold air cycle safeguards the scalp and helps smooth hair without heat damage.

Manufacturer: Lovio | Power (W): 1600 | Number of speeds: 2 | Temperature modes: 4 | Cold air flow:

Yes | Narrow concentrator nozzle: Yes | Ionizer: Yes | Color: Pink | Cord length (m): 1.8 | Number of

nozzles: 1 | Special notes: Automatic shut-off when inlet is clogged; fast drying with BLDC motor
