The cordless 2-in-1 PRIME3 GCT21 hedge trimmer and grass shears is a convenient gardening tool for precise trimming and cutting of small clumps of grass or shrubs.

The GCT21 is equipped with a grass cutting blade (76 mm cutting width, 80 mm wide blade) to achieve an even finish to the lawn, especially in places inaccessible to a lawnmower.

A shrub pruning blade (133 mm cutting length, ~ 8 mm distance between teeth) is also included in the kit to help with the shaping and care of small shrubs and hedges.

The GCT21 is easy to use and ideal for gardening and finishing work that requires precision and delicacy.

The tool is battery-powered, allowing unlimited mobility during operation.
