Expand your display capabilities to a professional level by distributing one HDMI source to up to sixteen screens at the same time, with no loss of signal quality.

The Splitter of 16 ports V2 supports Full HD 1080p/60 Hz and 4K/30 Hz, offering 10.2 Gbps bandwidth and 8/10/12-bit color depth for clear, vibrant, and stable output across all connected displays.

Designed for large-scale setups, it's perfect for digital signage networks, control rooms, showrooms, conference halls, surveillance systems, retail environments, and any demanding multimedia installation that requires consistent performance on many screens.

With full support for 3D and advanced audio formats such as DTS-HD, Dolby TrueHD, DTS, Dolby AC-3, and DSD, it ensures premium sound and picture fidelity across all sixteen outputs.

A robust, reliable, and scalable solution for high-demand environments that need seamless HDMI signal distribution across a large number of displays.
