

Tracer 47783 T12 TWS BT Black

Model: TRASLU47783

Manufacturer: TRACER

EAN: 5907512878408

Product Code: 405240

R808

In-ear design - everyday comfort The Tracer T12 TWS headphones have an in-ear design so they don't go deep into the ear canal. It is an ideal solution for people who value comfort, natural sound and the ability to listen for longer without feeling discomfort. Long battery life – up to 30 hours The headphones provide up to 300 minutes (5 hours) of operation on a single charge. The 350 mAh charging case allows you to extend the total time of use up to 30 hours, which makes them perfect for work, travel and everyday use. Bluetooth 5.4 – stability and energy efficiency The modern Bluetooth 5.4 standard guarantees fast pairing, a stable connection and lower power consumption. The headphones work seamlessly with smartphones, tablets, and other mobile devices for smooth, lag-free audio. 10 mm drivers – dynamic and clear sound The 10 mm drivers are responsible for crisp highs, balanced midrange and deep bass, offering a pleasant and natural sound when listening to music, watching movies and calling. Intuitive touch controls allow you to manage your music and calls without reaching for your phone, enhancing the user experience in any situation. Compact case – mobility and protection The handy charging case protects the headphones and allows them to be quickly recharged anywhere – at work, on the go or during everyday activities. Tracer T12 TWS – comfortable in-ear wireless headphones The Tracer T12 TWS is a combination of comfortable in-ear
