The Beldray POWERLITE steam iron offers 3200W of power for quick and efficient ironing.

With a 200g/min steam shot and water spray function, it tackles stubborn creases.

The 320ml water tank reduces the need for frequent refills, while the self-cleaning anti-calc function prevents limescale build-up.

Safety features include auto-shut off when idle, and indicator lights show when it's ready to use.

The ceramic soleplate ensures smooth gliding and crease reduction.
