

Media-Tech MT6507P Multi Ozone Pro Dryer Pink

Model: MT6507P

Manufacturer: MEDIA-TECH

EAN: 5906453180670

Product Code: 405363

R1,555

Gently removes moisture from the inside of the shoe thanks to the automatically selected drying temperature

Thanks to the ozone generator, 99.7% of fungi and about 650 types of bacteria are killed

Ozone reaches even hard-to-reach places inaccessible to sprays and backfills

Ozonation is a professional sterilization method used in medicine, cosmetics

Disinfects, refreshes and helps get rid of unpleasant odors from shoes

Built-in fan for faster drying and distribution

Extremely simple and safe for the user and the footwear

Thanks to its shape, the device can also be used to disinfect other components of clothing: e.g. gloves and hats.

Product type: Shoe dryer with ozone disinfection | Drying technology: Hot air | Ozone function: Yes |

Power consumption (W): 7-100 | Number of drying outlets: 2 | Temperature control: Infinitely

variable | Timer / Auto shut-off: Overheating protection; ozone timer-controlled | Power supply: AC

220-240V | Dimensions (cm): 29 × 33 × 18 | Color: Pink | Additional features / Notes: Kills 99.7% of
