R1,237

KHUFU-I is built for gaming environments, combining striking design with dependable performance. Bold color accents and futuristic styling create a dynamic gaming atmosphere that enhances immersion and adds character to any setup.

With full adjustability — tilt, swivel, and rotation — finding the ideal viewing angle is effortless, while the built-in spring tension mechanism delivers smooth and easy movement.

The keyhole-patterned VESA plate also makes installation and removal quick and convenient.

Powerful, versatile, and visually distinctive, the KHUFU-I is designed to take your setup to the next level.
