DAMARU is a modern BT speaker that combines attractive design, powerful sound, and versatile connectivity in one device.

With 30 W RMS output power, a 50 Hz – 20 kHz frequency range, and a signal-to-noise ratio of ≥ 91 dB, it delivers a clean, balanced, and rich audio experience for everyday music listening, watching content, or relaxing in any space.

It is equipped with a 2.75" + 4" driver combination, Dual-Core DSP sound processing, and Four-Way DRC technology to reduce unwanted noise, ensuring more stable and refined playback.

The built-in 7.4 V / 2000 mAh Li-ion battery provides up to 6 hours of playtime at 60% volume, while RGB LED lighting enhances its visual appeal.

DAMARU supports AUX, USB, Optical, Bluetooth, and MIC connectivity, offers a BT range of up to 10 m, and thanks to the Broadcast function, it can connect with more than two speakers for an even more immersive sound experience.

Its MDF + ABS plastic housing offers a strong balance of durability and style, and it is available in black and white.
