Paired with Dual X3 Pro series Styli, 16K ultrasensitive pressure levels for premium digital art creation, enabling artists to produce exceptional digital artwork.

3840X2160 Resolution

16:9 Aspect Ratio 23.8 inch Display Size

Broader Vision Bolder Imagination

4K ultra high definition makes it possible to present more content within the same screen area, reducing the need to switch between interfaces frequently.

You can preview your artwork in a native high-resolution environment before the final output. It enhances both clarity and efficiency.

Endorsed by Jiang Shan

A world-renowned artist, illustrator, and designer who once cooperated with Apple and illustrated for Hermès in a global contest. And a Lion-winner of the Cannes Lions International Festival of Creativity 2014. His illustrations are a burst of emotions and boldness, packed with international cultural diversity and profound creative techniques, taking the audience to a spectacular imaginative world.

XPPen is honored to collaborate with Shan Jiang to break the boundary of art and technology as it launches the all-new Artist Pro 24 (Gen 2) 4K Drawing Display.
