

MEMORY SDXC 2TB UHS-1/SDSDXXD-2T00-GN4IN SANDISK

MEMORY SDXC 2TB UHS- 1/SDSDXXD- 2T00-GN4IN SANDISK

Model: SDSDXXD-2T00-GN4IN

Manufacturer: SANDISK

EAN: 619659208523

Product Code: 405893

R15,581

Trailblazing SD UHS-I card capacity and speed for creators, enthusiasts, and professionals

Capture realistic 4K UHD video and freeze fleeting moments in transcendent Full HD3 slow-motion with the SanDisk Extreme PRO SD UHS-I card made for enthusiasts, creators, and professionals. Record longer and save more with up to 2TB of storage. Experience highly efficient UHS-I workflows with an updated version of SanDisk QuickFlow technology. With read speeds up to 250MB/s and write speeds up to 150MB/s, you can offload card media in seconds with the SanDisk QuickFlow SD UHS-I Card USB-A Reader (sold separately). Recover and restore accidentally deleted or corrupted files for two years on us with RescuePRO Deluxe data recovery software. Designed, built, and tested to go the distance, you can trust SanDisk Extreme PRO SD UHS-I cards to help protect every shot.

Incredibly Lifelike 4K UHD

Unlock picturesque 4K UHD brilliance and pristine high res stills with the SanDisk Extreme PRO® SDXC™ UHS-I card that includes video speed class ratings of U3 and V30.4 Capture flawless frame-by-frame precision in continuous burst mode and freeze fleeting instances in slow motion Full HD3 to unleash your creative potential.

Speed Barriers Shattered. Again

Save precious moments with blazing read speeds up to 250MB/s and write speeds up to 150MB/s when used with SanDisk QuickFlow SD UHS-I Card USB-A Reader (sold separately). SanDisk QuickFlow technology⁵ elevated speeds beyond UHS-I's 104MB/s barrier for the first time in 2018, then made them even faster in 2022,¹² and faster still in 2024 to enable the most efficient workflows possible.

Maximize with Massive Storage

Capture longer and store more with up to 2TB of storage. This massive capacity can store up to 47,368 24MP photos (38MB each) shot in RAW. Or it can store up to 2,808 minutes of 4K UHD video recorded at 30 fps (641MB/minute), or 4,147 minutes of slow-motion Full HD3 video recorded at 240 fps (434MB/minute).

Defying the Unforgiving

Engineered to perform in extreme conditions, with rough handling, and despite constant use, SanDisk SD memory cards perform with unrelenting resilience. They are temperature proof, humidity proof, waterproof, shock proof, drop proof, magnet proof, X-ray proof and wear-out proof.

Recover what matters most

Recover and restore files with the RescuePRO Deluxe data recovery software, free, for two full years. After downloading and installing, the app can effectively restore photos, videos, documents, and other types of files in a wide range of formats that have been accidentally deleted, corrupted, or lost due to formatting. Reclaim your digital life, easily.

Built to last and last

Backed by a lifetime limited warranty, SanDisk branded cards perform over the long haul. Our in-house NAND flash memory manufacturing and proprietary Flash Management Techniques deliver
