The Kraken Elite delivers chillingly cool performance with a display that makes custom content truly pop. The 640x640 resolution wide-angle LCD display creates a picture that's detailed and vivid regardless of your viewing angle.

INCREASED CUSTOMIZATION

A more powerful microcontroller allows for more immersive customization such as audio visualizers and the ability to relay CAM information with particle density animations.

TWICE AS BRIGHT

A bright 2.36" wide angle LCD screen supports custom images along with animated GIFs and features a crystal clear 640x640 display resolution, double that of previous generations.

STAY COOL

Luminously quiet F Series RGB Core fans give a vibrant feel to your gaming setup with the 8 individually addressable RGB LEDs on each fan. The 7th gen Asetek pump ensures your Kraken Elite cools optimally with 2800 RPM operation.

SIMPLE INSTALL

Setup is made simple with a single breakout cable that takes the guesswork out of the installation process. The liquid tubes are protected with reinforced nylon-braided sleeves for added durability and worry-free handling.

NZXT CAM-READY

Personalize screen content with custom images, GIFs, or performance info with user-friendly NZXT CAM software. You can also control fan and pump speeds and run at 0 RPM mode at low temperatures to eliminate fan noise. Adjust RGB lighting eects for a vibrant look that's all you.
