

LG S40TR Black 4.1 channels 400 W

Model: S40TR

Manufacturer: LG

EAN: 8806096061404

Product Code: 406576

R4,628

Great depth of sound

An array of 5 channels (4.1) – including rear speakers for immersive surround sound, plus subwoofer for powerful bass - and high power output (400W) provide a cinematic experience for the home.

Clutter free design

The wireless subwoofer and rear speakers are easy to install in your living room. Simply plug the subwoofer and one of the rear speakers into the wall (with a single speaker cable connecting the rear speakers) and they will automatically and wirelessly pair with the sound bar.

AI Sound Pro

Enjoy optimised sound for every scene with the upgraded AI Sound Pro algorithm.

Enhanced compatibility with LG TVs

Enjoy an enhanced experience when connecting to compatible LG TVs. WOW Interface provides ease
