

SMART HOME TOUCHSCREEN DIAL V1/DS- K01D AQARA

Model: DS-K01D

Manufacturer: AQARA

EAN: 6975833357482

Product Code: 406610

R4,417

Aqara Touchscreen Dial V1 EU is a haptic feedback rotary dial wall switch with 2 relay switches and 6 wireless switches, paired with a 1.32-inch round touch screen, which can adjust the compatible Aqara device by sliding, clicking, and rotating. It achieves precise adjustment through ITS vibration and sound feedback. In addition, it has a variety of rich sensors that can monitor indoor temperature and humidity, and set the proximity activation function according to the actual size of the space to reduce light pollution. In addition, the switch seamlessly integrates with third-party ecosystems via Wi-Fi to achieve a more versatile smart home setup.

- Multi-Device/Scene Control
- 2 relay outputs
- Flexible Control
- Temperature & Humidity Sensing
- Personalized Screen
