R4,056

SINGLE-CABLE BYOD WITH MEETUP 2

Logitech Active USB Cable supports DisplayPort Alt Mode, which facilitates single-cable BYOD connection from a laptop to MeetUp 2 — no need to also connect the laptop to an HDMI cable or adapter. Now employees can run video meetings in the room by simply plugging a single cable into their laptop.

Supporting super fast data transfers with USB 3.1 Gen 2, this 5 meter cable is long enough to provide better flexibility in small meeting rooms.

Summary: Logitech 952-000195. Cable length: 5 m. Connector 1: USB C, Connector 2: USB C, USB version: USB 3.2 Gen 2 (3.1 Gen 2), Product colour: Graphite, Violet | Vendor Homepage: <https://www.logitech.com/en-eu/products/video-conferencing/accessories/active-usb-cable.html> |
