

TP-Link Archer BE400 wireless router 2.5 Gigabit Ethernet Dual-band (2.4 GHz / 5 GHz) Black

Model: ARCHER BE400

Manufacturer: TP-LINK

EAN: 8885020624113

Product Code: 406732

R3,972

6.5 Gbps Dual Band Wi-Fi 7 Speed

Powered by Wi-Fi 7 technology, Archer BE400 delivers incredible Wi-Fi speeds of up to 6.5 Gbps, enabling your devices to run at full speed.

WiFi 7, WiFi Like Never Before

WiFi 7 offers accelerated throughput, lower latency, stronger anti-jamming, and higher efficiency. Join the league of pros and experience the sheer performance of the next generation of WiFi.

4K-QAM

Packs 120% data for higher speeds

Multi-Link Operation

Increases throughput, reduces latency, and improves reliability

Multi-RUs

Makes full use of every resource for maximum efficiency

Boosted Throughput, Unmatched Reliability

Multi-Link Operation (MLO) enables Archer BE400 to transmit data with Wi-Fi 7 clients across multiple bands simultaneously to increase throughput, reduce latency, and improve reliability for various networking behaviors.

2.5 Gigabit Wired Connections Devices

Experience lightning-speed connectivity with dual 2.5 Gbps ports! Archer BE400 features 1× 2.5 Gbps Internet (WAN) port and 1× 2.5 Gbps LAN port, maximizing Gigabit+ speeds delivered by your internet service provider. Break through the 1G bottleneck and unleash peak performance.

6× High Performance Antennas with
Beamforming for a Broader Coverage

Equipped with 6× high performance antennas, Archer BE400 boosts the WiFi signals throughout your home. The Beamforming technology detects devices and concentrates signals towards them, especially to previously hard-to-reach areas.

Create Whole Home Mesh WiFi

Archer BE400 is EasyMesh-compatible. If you have any dead zones at home, just add another EasyMesh router/range extender to further form your whole home multi-gigabit mesh WiFi. No more searching for a stable connection.

WiFi Dead Zone Killer

Eliminate weak signal areas with WiFi coverage for the whole house

Smart Roaming

Uninterrupted streaming when moving around your home

One WiFi Name

No more switching WiFi network names

Unified Management

Manage your whole home WiFi from the central node via the Tether app/Web UI

Set Up in Minutes

Install the Tether app and simply follow the on-screen directions. In just three easy steps your entire home can be blanketed in strong and reliable WiFi.

Your Security is Our Priority

With TP-Link HomeShield, enjoy advanced security features that deliver a safe environment that protects your family and network's data and privacy.

Private IoT Network for More Security

Set up a separate WiFi for IoT devices and overlay HomeShield and advanced WPA3 encryption to better protect the security of your home network and IoT devices.

VPN Clients and Server Supported

Allow devices in your home network to access remote VPN servers without needing to install VPN software on every device. Archer AX55 Pro can run both the VPN and ordinary internet connections at the same time, delivering security and flexibility.
