Gem 02 VIA Custom Mechanical Keyboard

The Gem 02 VIA Custom Mechanical Keyboard is crafted for mechanical keyboard enthusiasts who value both performance and customization. With its 1800 compact layout, it delivers full-size functionality in a streamlined, space-saving design. The rapid, tool-free disassembly system makes maintenance and modifications effortless, while VIA support offers endless key mapping possibilities.

Ball-catch Design

Rapid Disassemble without Screws or Tools

Unlike typical screw-on mechanical keyboards, the Gem Series features a ball catch to secure the case and adjustable load force that can be modified by tightening screws during installation for enhanced safety and stability.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Built-in 8000mAh Battery

Equipped with a powerful 8000mAh battery, this keyboard ensures extended periods of uninterrupted typing, gaming, or productivity, minimizing the need for frequent recharging.

Multi-mode

Allows easy switching between wired, Bluetooth, and 2.4GHz wireless modes for a smooth experience across all devices. Compatible with Windows and Mac, this versatile keyboard delivers exceptional performance and convenience. Enhance productivity with this adaptable keyboard.

Programmable RGB Light

All keys can be re-mapped by VIA. The keyboard has built-in and side-LED RGB backlit with customizable light animation effects.

Translucent acrylic corner with synchronized RGB patterns

Translucent acrylic corners glow with synchronized RGB effects, adding a stylish and dynamic visual accent.

Programmable Light Bar

An RGB bar lets you customize colors, effects, and brightness to match your mood or setup.

RGB Backlit

Fully customizable backlighting brings each key to life, from subtle ambient tones to vibrant rainbow waves.

Cherry Profile Double-shot PBT Keycaps

The Cherry profile keycaps feature a low-profile sculpted design, delivering a comfortable typing angle while ensuring precise keypress consistency.

The PBT keycaps boast exceptional oil resistance, enhancing the overall typing experience while ensuring the longevity of the legends' visibility.

Plate-mounted Stabilizers

The Gem Series now features pre-installed plate-mounted stabilizers, designed to streamline the

assembly process and provide convenience for keyboard beginners.

Additionally, it includes extra PCB Mount/Screw-in stabilizers to accommodate the varied preferences of users.

System Switch

Top: Mac Wireless Mode (built-in power supply on)

Middle: Default Windows Wired Mode (built-in power supply off)

Bottom: Windows Wireless Mode (built-in power supply on)

PORON Plate Foam

Equipped with PORON plate foam, effectively reducing the noise generated by key switches, ensuring a purer and more comfortable tactile sound experience for the keyboard.

Sleek Back Design

A clean, minimalist back with a centered Akko nameplate and anti-slip feet for stability.

Gasket Mount

Comes with a comprehensive upgrade to the noise reduction system, offering greater flexibility for experimenting with a variety of sound profiles.
