Comfort in Every Stroke with High-Speed Performance

Equipped with a high-speed motor and dual-speed settings, the T3 trimmer delivers powerful, efficient trimming, easily gliding through even the thickest hair. Its precision-engineered design speeds up your grooming routine while reducing skin irritation and pulling, ensuring a smoother, more comfortable trimming experience.

Sculpt Your Signature Look
with Precision Blades

Metal Powder Die-Cast Blades

Made with high-temperature metal powder die-casting, these blades offer superior density and strength, maintaining long-lasting sharpness for consistent cutting on both fine and coarse hair.

DLC(Diamond-Like Carbon)Coating

Coated with Diamond-Like Carbon, the blades provide an ultra-sharp, low-friction surface for smooth trimming with less pulling or irritation, even on sensitive areas, ensuring precise and comfortable grooming every time.

Precision Blades for Professional Comfort and Durability

The advanced precision blade system helps maintain long-lasting sharpness and promotes smoother cutting.

It also reduces irritation, making it exceptionally gentle on sensitive skin.

Smooth Lines, Sharp Style

Featuring two adjustable blade settings, the T3 trimmer easily adapts to complex facial contours like the chin and neck. It ensures smooth, precise trimming with minimal missed spots, helping you achieve a consistently sharp, polished look while saving time and effort during your grooming routine.

LED Display and Long-Lasting Power

The T3 trimmer features an LED display that shows motor speed and battery level, allowing you to
