

HEDGE TRIMMER HGE 3-18/1.445- 611.0 KARCHER

Model: 1.445-611.0

Manufacturer: KARCHER

EAN: 4066529187024

Product Code: 406871

R3,321 ~~R3,527~~

Hedge trimming made easy with the HGE 3-18 Battery Set 18 V hedge trimmer. The handle can be rotated by 90° for comfortable vertical cuts and adapts perfectly to your working conditions. Thanks to a cutting length of 50 centimetres and tooth spacing of 22 millimetres, the diamond-ground blade guarantees precision and clean cuts every single time. Even thicker branches needn't stop you, thanks to the integrated sawing function. To take the hassle out of clearing up, the easy-to-fit hedge sweeping attachment pushes the cuttings and branches down to the ground when cutting horizontally. The blade tip protector reliably protects the blade from damage and makes it easier to cut along walls or buildings. When the work is done, the hedge trimmer can be stowed away using the integrated hanging loop to save space in storage. A protective blade cover is included so that the blade can be stored safely. Plus, the hedge sweeping attachment can be clipped onto the protective blade cover for storage. The Kärcher HGE 3-18 Battery Set 18 V hedge trimmer is supplied with a battery and fast charger so you can get straight on with jobs around the garden.

Rotatable rear handle

Designed for comfort when trimming hedges. The handle can be rotated 90° to the left or right, making it suitable for left- and right-handed users alike.

Hedge broom

Conveniently sweeps the hedge cuttings which would normally fall into the hedge along the ground in front of the user.

Saw function

Particularly practical for hedges with occasional thicker branches.

- Diamond-ground blade
- Ergonomic handle design
- Control guard
- 2-hand safety circuit
- Hanging storage loop
- Blade guard
- 18 V Kärcher Battery Power battery platform

Summary: Kärcher HGE 3-18 Battery Set. Blade type: Single blade, Motor rotation speed: 2450 RPM, Maximum area covered: 190 m². Power source: Battery, AC input voltage: 100 - 240 V, AC input frequency: 50 - 60 Hz. Weight: 2.4 kg, Width: 193 mm, Depth: 921 mm.
