

Lindy 4 Port HDMI 18G Splitter with Audio and Downscaling

Model: 38231

Manufacturer: LINDY

EAN: 4002888382311

Product Code: 406921

R3,393

The Lindy 4 Port HDMI 2.0 18G Splitter with Audio is a multi-function solution for distributing high quality HDMI signals across 4 displays simultaneously from one source device, while extracting digital or analogue audio separately.

With support for resolutions up to 4K 60Hz 4:4:4 8bit, this splitter is great for creating eye-catching quad display digital signage in retail scenarios, displaying sports across multiple screens in sports bars or distributing engaging multiscreen educational presentations at tradeshow. The splitter also has separate optical and 3.5mm audio ports to easily extract audio from HDMI to connect non-HDMI amplifiers or soundbars, ideal for supporting video with immersive multichannel audio.

The splitters also feature an integrated switch to downscale the input signal to Full HD, making installations with older displays hassle free while always ensuring the viewer receives the optimum
