## R3,305

The NZXT Kraken Core AIO delivers powerful, quiet liquid cooling with a high-performance pump, PWM fans, and vibrant RGB lighting. Easy to install and compatible with the latest Intel and AMD sockets, it keeps your CPU cool, your system quiet, and your build looking clean.

**Cool and Quiet:** A powerful 3,100 RPM pump keeps your CPU cool during heavy gaming and multitasking, while minimizing noise.

**Simple Connectivity:** Connects directly to your motherboard for easier cable management and a faster build—no extra controllers required.

**Optimized Fan Blades:** High static pressure fans efficiently push air through radiator fins for stronger cooling with less noise.

**Adjustable Fan Controls:** PWM-enabled fans allow precise adjustments for efficient performance you can customize to your setup.

**Single-Frame Design:** Multiple fans in one solid frame reduce screws and cables, making installation
