**Reaching New**

**Peaks of Performance**

## WiFi 6E: A Freer and Faster Future

WiFi 6E introduces the brand new 6 GHz band without any overlap or interference from other bands and older devices. This means a congestion-free frequency that offers more bandwidth, faster speed, and lower latency.

## Maximize All Your Device Speeds

Archer AXE75 provides WiFi speeds up to 5400 Mbps, enabling your devices to run at full speed. Enjoy fluent 4K/8K streaming, immersive AR/VR gaming, and blazing-fast downloads.

## More RAM, Better Processing

With an advanced chipset and high memory, experience fast connections with minimal latency even under heavy loads. Every click and tap on your laptop or phone responds quicker.

## Connect More Stay Fast

The number of IoT devices today creates greater demands on home WiFi. Archer AXE75 future-proofs your home network with a higher capacity of up to 200+ devices. OFDMA and other advanced tech cut down the clutter throughout your frequency bands, eliminating latency and jitter.

## WiFi Coverage Throughout Your Home

6× high-performance antennas boost WiFi signals throughout your home. Beamforming technology detects devices and concentrates signals towards them, especially to previously hard-to-reach areas.

## USB 3.0

Easily share files between connected devices with an external drive. Or create your own personal cloud storage for simple, secure access from anywhere.

**TP-Link OneMesh**

Flexibly Create Whole Home WiFi with Archer AXE75

OneMesh is a simple way to form a mesh network with a single WiFi name for seamless whole home coverage. Just connect a OneMesh range extender to a OneMesh router. No more searching for a stable connection.

**TP-Link HomeShield**

Advanced Security for Your Everyday Devices

With TP-Link HomeShield, enjoy advanced secuirty features delivering a safe environment that protects your family and network's data and privacy.

## WPA3: Stronger Security for Your Network

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. itworkup.co.za | sales@itworkup.co.za | +27 (11)541-9950

The latest WiFi security protocol, WPA3, brings new capabilities to improve cybersecurity in personal networks. More secure encryption in WiFi password safety and enhanced protection against brute-force attacks combine to safeguard your home network.

## Easy Setup and Use

Whether you prefer the intuitive Tether app or TP-Link’s powerful web interface, you can set up your Archer AXE75 in minutes. The Tether app allows you to manage network settings from any Android or iOS device.

## Protect Your Children

Block inappropriate content for your children, and customize a time range for better online habits.

## New Connection Notification

You will be notified by your phone when new devices connect. Kick off any suspicious connections and block them. It’s as simple as that.

## Easy Firmware Upgrade

Tired of upgrading firmware? OTA updates enable easy firmware upgrades with a click in the management panel. To keep your security and functions always up-to-date, just turn on the auto schedule.
