

DETECTOR WRL MOTIONPROTECT WHITE 38195 AJAX

Model: 38195

Manufacturer: AJAX

EAN: 4823114015304

Product Code: 407006

R3,137

Narrow beam indoor motion detector. Protects windows, doors, and valuables

Reliable perimeter protection

At home

With the MotionProtect Curtain detectors, you can secure the perimeter of your house and freely move indoors. If a stranger breaks in, the system will raise an alarm and call the security company.

In a garage

Burglars won't get through the garage door undetected when MotionProtect Curtain is in action. The

curtain detector will continue to operate even if the temperature drops to -10°C.

At a museum

The visitors can stroll the exhibits as they please. But if they cross the line and reach towards an artwork, an alarm will be raised.

In a pet-friendly apartment

When installed correctly, MotionProtect Curtain keeps your private property safe and ignores the pets, even if they are Saint Bernards.

Proprietary optical technology

To create MotionProtect Curtain, we've developed an optical system of two infrared sensors and a multifaceted mirror. This system allows the detector to receive twice as much information about what is going on in the protected area and instantly react to human presence.

Rapid reaction to threats

Whether the intruder is running or sneaking — MotionProtect Curtain is always on duty. As soon as they enter its field of view, the detector analyzes signals from both PIR sensors and immediately sends an alert.

Reliable radio communication

MotionProtect Curtain connects to the hub through radio communication at a distance of up to 1,700 meters. Jeweller, the proprietary two-way communication protocol protects data transmissions with advanced encryption. In case of interference or jamming, Ajax security system switches the frequency and alerts you and your dedicated alarm response company.

2-minute set-up

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
