R2,900

The Lindy USB Type A and C to Dual HDMI® 4K60 Converter is a professional solution for connecting any host computer (Laptop, Macbook, Tablet) with USB Type C and USB Type A port to two HDMI® displays. It allows expanding your desktop with two external HDMI® monitors up to 4K 3840×2160@60Hz resolutions,

The USB Type A and C to Dual HDMI® 4K60 Converter is the perfect tool for users who work with multiple screens simultaneously i.e. designers, editors and content creators. It's performance allows you to run demanding applications on one or two independent displays, making it ideal for editing 3840x2160@60Hz Video or other Ultra HD tasks.

Various modes such as mirroring or expanding can be used, which makes it a lot easier to work with applications on two monitors like spreadsheets, compare several documents, diagrams or _____
