EAN: 6935364030582

Product Code: 407463

R2,325

Expand Your Ultimate WiFi Experience

AX1800 WiFi 6 Range Extender

Get More Range with Your Existing Router

A single router has limited WiFi coverage and always causes WiFi dead zones. RE605X wirelessly connects to your existing router and boosts more WiFi signals throughout your home, allowing you to enjoy smooth WiFi 6 network experiences everywhere with great speed, capacity, and coverage.

WiFi 6: More Connections with Better Performance

The latest Wi-Fi 6 technology is built for today’s devices, eliminating lag, endless loading, and dead spots. It fully satisfies your network needs especially for bandwidth-intensive tasks like cloud gaming or 4K UHD video.

The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

TP-Link OneMesh:

Optimize for Smoothest WiFi Experience

OneMesh™ is a simple way to form a Mesh network with a single WiFi name for seamless whole home coverage. Just connect a OneMesh™ range extender to a OneMesh™ router. No more searching around for a stable connection.

Enjoy an AX Mesh Network with Your Existing Router

Want a Mesh network? Hesitating whether you should replace your current router with a new Mesh set?

Built-In Access Point Mode

RE605X is more than a wireless range extender. Simply plug an Ethernet cable into its Ethernet port, and easily turn your wired internet connection into a 2×2 MU-MIMO dual band wireless access point.

Control at Your Fingertips

Set up and manage your Wi-Fi through the TP-Link Tether app from your smartphone (Android, iOS), including TP-Link routers and range extenders.
