HIGH-QUALITY WATER-REPELLENT FABRIC

These days you don't want to be taking any chances with the contents of your bag. We all carry with us electronic devices and technology that remain highly susceptible to water damage and which we need to take ultimate care with given their delicate nature. That is why with this Aviva range we have made sure that the fabric used is a high-quality water-repellent fabric so that no matter what you decide to carry with you that day you are not left with the tragedy of damaged goods should you get caught in a shower. So be safe in the knowledge that you will turn up to work with everything as tidy and presentable as when you packed it.

COMPACT BUT CAPACIOUS

There is a difficult line that must be walked by all designers of bags between giving you enough space such that you can carry all of the appropriate gear you need with you on your day but also making sure that you are not too overladed with a bag that feels more like a bin liner than a useful load carrier. With this backpack though the balance is perfectly kept, and the result is a backpack

that will both offer you more than enough room for that extra shirt or pair of shorts, but at the same time will allow you to orientate yourself on your day with ease.

FRONT ZIPPERED COMPARTMENT WITH AN ORGANIZER PANEL

There is almost nothing more important in the mission to secure a successful day than maintaining the organization. As the old adage goes, fail to prepare, then prepare to fail. That is why we have done everything we can to make sure that you are able to plan effectively for the day ahead. One aspect of this is the roomy compartment for documents and accessories that features an organizer panel and a detachable key strap. So you can have all of your things nicely ordered and ready to locate in one place and always have your keys on hand when needed.

TWO SIDE POCKETS

The two side pockets on this Aviva backpack will make easy the all-important job of making sure you carry essentials like an umbrella or water bottle with you on your day. You do not want to be caught out in a shower and arrive soaked to that all-important meeting. Similarly, you never want to end up parched and dehydrated and unable to concentrate. We at RIVACASE know the importance of hydration and that is why we have been sure to include these elements. Being compact they will ensure a sleek silhouette to your person.

FRONT ZIPPERED POCKET FOR ACCESSORIES

Often when going about your day you need to quickly put away an item and you do not want to have to unpack the main compartment of the bag and go through the tedium of getting things out and putting things back in. That is why we have included a front zippered pocket so that you can easily slip away an item like a phone or wallet and then zip it back up in a moment's notice, all the while knowing that everything is being kept in as secure conditions as possible.

COMFORTABLE CARRYING

Comfortable shoulder straps with softened bands make for a wonderfully comfortable travel experience. Not only is this important for your general well-being and sense of mind in keeping you relaxed during your day, but also it is important for your health should you decide to carry heavy loads. A padded back panel will help aid this and mean that should you be carrying anything with sharp corners like a book that they do not end up digging into your back. A soft carrying handle and a loop for hanging are provided to aid in carrying and tidying your luggage away.

STRAP MANAGEMENT SYSTEM

Having lots of loose straps and ties hanging off a backpack is not only unsightly and makes you look unprofessional, but it can also cause a real health risk should those kinds of straps become snagged on things like branches when moving at speed say on a bike, or when they become trapped in things like train or elevator doors. Luckily this Aviva backpack helps you to circumvent this issue by providing you with a strap management system that prevents excess strap material from dangling and potentially causing harm.

- 16L Middle sized urban backpack
- Multiuse backpack for college, travel and outdoor activities
- The interior is made of contrasting lining
- Manufactured using high-quality water-repellent material
- Spacious storage compartment for clothes and other items on your daily commute
- Inner compartment for a 14" laptop (we recommend to use a laptop sleeve for additional protection)
- Dual zipper pulls for quick and easy access
