Product Code: 407984

R1,280 ~~R1,701~~

For Broader View and Better Signal Reception

If the signal is poor with the antenna installed from the ground, the Antenna Extension Kit allows you to install the antenna at a higher position. A whole set of tools with self-tapping screws, expansion cube, and extension cable included.

- Applicable robot mower: Navimow i Series, Navimow H Series
- Function: Extension kit for antenna installation on the wall or roof, which improves GPS satellite signal reception.

Summary: Segway AC.00.0000.04. Product type: Antenna extension kit, Brand compatibility: Segway, Compatibility: Navimow I Series, Navimow H Series. Cable length: 10 m, Weight: 635 g.
