

i-tec Metal USB-C Nano Docking Station 4K HDMI LAN + Power Delivery 100 W

Model: C31NANODOCKLANPD

Manufacturer: I-TEC

EAN: 8595611702907

Product Code: 416396

R1,588

Extend your desktop with an external HDMI monitor or connect a projector or TV using the HDMI interface. The docking station supports Ultra HD 4K video transfer with a resolution of up to 3840×2160@60Hz including an audio signal.

The station also offers USB-C Power Delivery up to 100 W, which is designed to power a connected laptop or tablet using your original AC adapter. The docking station also supports charging of the connected USB mobile devices such as smartphones, e-book readers, media players, navigations and tablets.

There is also available 3x USB 3.0 port, 1x Ethernet GLAN RJ-45 port, 1x USB-C Power Delivery port, 1x Combo audio jack (headphones and microphone) 1x SD card reader and 1x microSD card reader.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Connect the docking station with a single cable (30 cm) into your computer’s USB-C or Thunderbolt 3 port and you can start using it immediately. The driver is installed automatically from the system.

This docking station is suitable for use with all laptops and other devices equipped with the USB-C connector with video transmission support (USB-C DisplayPort Alt mode). In case of incompatibility, your new i-tec product may not work properly. For details regarding your device’s USB port specifications, please refer to your laptop / tablet / smartphone manual or contact your device manufacturer’s customer support. However, even if you are not sure that your device is fully compatible after verification, please contact our technical department by writing an email to support@itecproduct.com.

Important:

If you disconnect the USB-C power adapter from the docking station, then the docking station may in some cases restart, i.e. disconnect and reconnect all connected devices.
