

GEMBIRD MIC-205 desktop microphone MIC-205

Model: MIC-205

Manufacturer: GEMBIRD

EAN: 8716309079914

Product Code: 421321

R587

The Gembird MIC-205 microphone combines versatility and convenience, making it a solid choice for computer use. With a sensitivity of -54 dB and a frequency response range of 50 - 16000 Hz, this omnidirectional microphone captures clear audio from all directions, ensuring that every word is heard in conversations or recordings. The flexible gooseneck design allows for easy positioning, making it simple to find the perfect angle for sound quality. Compatible with Skype and featuring a 2-meter microphone cable with a mini-phone 3.5 mm connector, this microphone provides users with a straightforward setup for communication needs.

With compliance to ISO 9002 and RoHS standards, the Gembird MIC-205 delivers quality performance while ensuring safety and durability. Its external microphone form factor makes it an ideal solution for home offices, gaming setups, or any scenario where reliable audio input is essential. Experience the clarity and convenience that the Gembird MIC-205 microphone offers for digital communication and recording endeavors.
