Experience audio and video quality with the Gembird Cablexpert Select Plus Series HDMI cable, designed to deliver high-speed connectivity with Ethernet. This cable features technology like 3D-Transmission, Audio Return Channel (ARC), and HDMI Ethernet Channel (HEC) support, ensuring a seamless connection to various devices. The 30 AWG construction with copper-clad steel conductors and gold-plated connectors enhances signal integrity, allowing for 4K resolution and deep color experience up to 16-bit.

Designed with durability in mind, the shielded structure with aluminum and a nylon jacket protects against interference for long-lasting performance. It is also compliant with standards like ISO 9002, WEEE, and RoHS to ensure environmental responsibility. Whether streaming movies or playing video games, this braided HDMI cable brings your entertainment experience to life with Dolby TrueHD and DTS-HD Master Audio support.
