The Gembird CCBP-HDMI8K-1M HDMI cable is designed to deliver high-quality video and audio, suitable for a wide range of devices. With support for 8K resolution, this ultra high speed HDMI cable allows for stunning image clarity and vibrant colors. The incorporation of 16-bit deep color, along with a 60 Hz refresh rate, ensures smooth video playback for movies and games.
Crafted from high-quality materials, this cable features a durable nylon jacket and copper conductors, which enhance performance. The gold-plated connectors provide optimal conductivity, while the braided design adds strain relief and flexibility. Additionally, the HDMI Ethernet Channel (HEC) and Consumer Electronics Control (CEC) support facilitate seamless connectivity among devices.
