Model: SDG4/128GB

Manufacturer: KINGSTON

EAN: 740617347708

Product Code: 421697

R1,562

The Kingston Canvas Go! Plus 128 GB SDXC UHS-I memory card is designed to meet the demands of mobile photographers and videographers. It offers a storage capacity of 128 GB, allowing ample space to capture high-resolution images and videos without worrying about running out of space. With a read rate of 200 MB/s, transferring files to and from the card is quick and efficient, enhancing productivity and workflow. The card supports Video Class V30 / UHS-I U3 / Class 10, ensuring smooth video recording performance, even in 4K resolution. Built to withstand extreme conditions, this memory card operates effectively in temperatures ranging from -25°C to 85°C. The write protection switch adds an extra layer of security by preventing accidental data loss, making it a reliable choice for outdoor and on-the-go photography. Its compatibility with various devices ensures it can be used with a wide range of cameras and other electronic devices, providing flexibility for users.
