The WD Purple Pro 10 TB hard drive is designed to provide reliable performance for surveillance systems. With support for up to 64 cameras, this storage solution ensures data transfer rates of 600 MBps and internal data rates of 267 MBps, making it suitable for high-bandwidth applications. The hard drive features a spindle speed of 7200 rpm, along with advanced technologies like AllFrame AI and OptiNAND to enhance data integrity and optimize storage efficiency.

Built for continuous operation, the WD Purple Pro operates 24x7, delivering consistent reliability. It boasts a generous buffer size of 512 MB and an MTBF of 2,000,000 hours, reinforcing its durability. Additionally, with a sound emission of 34 dBA, this hard drive operates quietly, making it ideal for environments where noise level matters. Designed to withstand varying environmental conditions, it operates in temperatures ranging from 0°C to 65°C and remains resilient during storage between -40°C and 70°C.
