Logitech G923 is a high-performance racing wheel that revolutionizes the racing experience. Re-engineered to support a next-generation feedback system, G923 features TRUEFORCE high-definition force feedback that dials into game engines to deliver higher-fidelity realism. Feel the pistons pumping, the gravel crunching, and every shift, drift, and hairpin turn like never before. An all-new progressive brake pedal recreates a pressure-sensitive brake system, while a programmable dual-clutch system simulates a real racecar launch assist in supported games so get more traction with less smoke.
