The power supply's fully modular design means that only the connectors required by the build need to be used, significantly reducing cable clutter and simplifying the system’s overall build.

COMPACT SIZING

Smaller than typical PSUs on the market, the power supply’s compact sizing makes it an excellent fit for most PC cases.

ALL THE MORE ORGANIZED

All of the power supply’s cables are flat and in black. The flat cables make cable management easier and less of headache! Thanks to the flat cables, the entire system can be more organized and has more room for unobstructed airflow. Use the cables you need, and store the rest in the included cable bag.
