R5,232

The Fellowes Powershred 10M is a high-security micro-shred shredder designed to meet the needs of a home office. With the ability to shred up to 10 sheets of paper at once, including 3 credit cards and paper clips, it offers a comprehensive solution to protect your sensitive information. The shredder features a 10-minute continuous run time, allowing for efficient shredding sessions without the need for frequent breaks. Its P-5 security level ensures that documents are shredded into tiny 2 x 12 mm pieces, providing peace of mind that your information is safe. Additionally, the 19-liter pull-out bin and inspection window offer convenience by simplifying waste management and allowing you to monitor the shredding process. Whether you're disposing of personal documents or sensitive work-related materials, the Fellowes Powershred 10M delivers reliable performance and security.
