

LANBERG LAN cable UTP cat.6 305m solid CU fluke passed

Model: LCU6-12CU-0305-S

Manufacturer: LANBERG

EAN: 5901969427394

Product Code: 422072

R3,295

The Lanberg CAT 6 bulk cable is designed for reliable data transmission with its UTP technology. This cable features pure copper conductors and HDPE insulation, supporting frequencies of up to 250 MHz, making it suitable for various applications. With a solid design and length indication, installation becomes straightforward and efficient. Packaged in a carton box, this cable meets RoHS standards, ensuring safety and environmental compliance. Operational capabilities range from -20°C to 70°C, allowing for flexibility in different environments. Ideal for both residential and commercial use, this cable is a dependable choice for networking needs.

Product Description: Lanberg bulk cable - 305 m - pantone cool grey 5C | Type: Bulk cable - CAT 6 | Technology: Unshielded twisted pair (UTP) | Features: Solid, test fluke pass, pure copper conductors, length indication, HDPE conductor insulation, carton box package | Length: 305 m | Colour: Pantone cool grey 5C
