The Gembird Cablexpert Serial ATA cable provides reliable connectivity for various storage devices, ensuring efficient data transfer rates of up to 600 Mbps. Constructed with a durable PVC jacket and aluminum shielding, this cable is designed to minimize interference while enhancing signal integrity. The flat design allows for better organization and airflow, making it suitable for setups with limited space.

Featuring 90° angled connectors, the Gembird Serial ATA cable facilitates easy installation in tight areas. Each connector is latched to prevent accidental disconnection, ensuring a stable connection to your devices. Compliant with ISO 9002 and RoHS standards, this cable offers peace of mind regarding quality and safety.
