R2,170

The HP 725 is a versatile wireless keyboard designed to enhance productivity while providing ease of use. With its multi-device compatibility, users can seamlessly switch between their PC, tablet, and other devices, making it suitable for both home and office environments. The full-size QWERTY layout and numeric keypad ensure a comfortable typing experience, while the adjustable height feature allows for personalized ergonomics. The keyboard is rechargeable, powered by a supercapacitor, enabling users to enjoy extended usage without frequent charging interruptions. Equipped with a USB wireless receiver and Bluetooth technology, the HP 725 offers a reliable operating distance of up to 10 m, granting freedom of movement and versatility in any workspace. Its spill-resistant design adds an extra layer of durability, protecting against accidental spills. The
