Product Code: 422440

R7,691

The Lanberg FF01 series rack offers a robust solution for organizing and storing equipment securely while optimizing space. Constructed from high quality cold rolled steel, this cabinet ensures durability and long-lasting performance. Its design features a mesh front door for enhanced ventilation, allowing for effective heat dissipation while maintaining a professional appearance. The included LCD screen and thermostat provide real-time temperature monitoring, ensuring that sensitive equipment remains within safe operating conditions.

This freestanding rack is designed for easy assembly and can support a weight limit of 1200 kg, making it suitable for a variety of environments. The package comes complete with essential components such as grounding cable, M6 screws, leveling legs, front and rear door locks, and wheels.
