R16,727

The Lenovo ThinkBook 14 G7 ARP is designed for professionals who demand security, performance, and durability. Featuring a robust aluminum case that has passed MIL-STD-810H tests, this notebook is built to last. Security is a top priority, with a firmware TPM 2.0 security chip and a fingerprint reader ensuring your data stays protected. Performance is not compromised, thanks to an AMD processor and 16 GB of DDR5 RAM, making multitasking and running demanding applications a breeze. The 14-inch WUXGA IPS LED display, with anti-glare and Low Blue Light technology, offers a comfortable and immersive viewing experience. With a wide range of connectivity options, including USB4/DisplayPort 1.4 with 4K support and Bluetooth 5.3, you'll stay connected to what matters most.
