1. Maximum RAM capacity may vary according to device configuration.
2. Maximum SSD capacity may vary according to device configuration.
3. Charges the battery to up to 50% within 30 minutes when the system is off or in Standby mode. A power adapter with a minimum capacity of 65 watts is required. After charging has reached 50% capacity, charging will resume at normal rate. Charging time may vary +/-10% due to system tolerance.
4. Battery life varies with configuration, usage, conditions, and power settings.
5. Weight might vary according to specifications.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

6. USB Type-C® Easy Charge ensures 4.5-watt charging when connecting to a non-Power Delivery charger or USB Type-A to USB-C® chargers. When using a Power Delivery charger, the charging speed will match the connected adapter's power output, up to a maximum of 65 watts. Fast charging varies according to the technology used in the power bank.

7. The screen-to-body ratio is calculated based on the visible body area of the display when the laptop is opened to 90 degrees and the active display area. Percentage varies according to device configuration.

8. The testing regime includes the requirements of both military-grade standards and ASUS quality tests and varies depending on device. MIL-STD-810H testing is conducted on selected ASUS products only. Note that the MIL-STD-810H testing helps to ensure the quality of ASUS products but does not indicate a particular fitness for military use. Similarly, the test results should not be considered an indication or guarantee of future performance under specified test conditions. Damage occurring under these test conditions or any attempt to replicate them would be considered accidental and would not be covered by the standard ASUS warranty. Additional coverage is available with ASUS Premium Care.
