Darkflash DK351 computer case (black) + 4 RGB fans

Do you want to build a computer on which you can easily play the latest games? Or do you need a reliable hardware for work? Choose the Darkflash DK351 case to create the configuration of your dreams! The product is compatible with various types of components and puts at your disposal a number of useful ports, including USB 3.0. It is also distinguished by a stylish, unusual design. The kit also includes 4 CL6 fans.

An enclosure that attracts attention

The DK351 case impresses not only with its functionality, but also with its modern design. Its side panel was made of high-quality tempered glass, so you can get interesting visual effects, for example, with the use of RGB fans. What's more, if necessary, you can easily disassemble it to

replace parts or clean the hardware. The front panel of the case is also eye-catching, with its original industrial design.

Everything you need

Do you plan to transfer files frequently to your new computer? The Darkflash DK351 case will be an excellent choice! It is equipped with several useful ports and buttons that will make your work much easier. For example, there are 2 USB 3.0 ports, which allow you to achieve impressive charging or data transfer speeds. In addition, the case is equipped with a dust filter that can be easily removed and cleaned. This will effortlessly keep your computer in great condition and ensure optimal performance!

The computer of your dreams

With Darkflash you can easily assemble your dream computer. The DK351 case allows you to mount SSD or HDD drives, and also allows you to install a CPU cooler up to 160 mm high and a graphics card with a maximum length of 340 mm. It is also compatible with ATX, M-ATX and E-ATX motherboard standards. It also offers 7 expansion card slots, so you can create a hardware configuration perfectly suited to your needs.

Optimal cooling

A demanding graphics program? Or perhaps an extremely dynamic game? You no longer have to worry that your computer will overheat and refuse to serve you! The DK351 case allows you to install up to 4 140 mm fans or 6 120 mm fans. It also offers enough space for, for example, 240 mm water cooling. However, this is not the end of the facilities! You will find up to 4 CL6 fans included in the kit.

Included

- Housing
- 4x CL6 fan
