Model: FW-MN4-MEGA

Manufacturer: FREEWELL

EAN: 6972971864582

Product Code: 424417

R3,163

Set of 16 filters Freewell for DJI Mini 4 Pro drone

Unlock limitless creative possibilities with Freewell's offering designed for the DJI Mini 4 Pro drone. The kit includes a variety of filters, including ND16-ND1000, ND16/PL-ND256/PL, UV, CPL, Snow Mist 1/4, and Light Pollution filters, allowing you to prepare for shooting in any conditions. All components of the kit have been meticulously designed and stand out for their high quality.

Precision Exposure Control

ND filters allow you to control the amount of light entering the lens, enabling precise exposure adjustment. They also create a polarization effect, significantly improving sharpness and color saturation in recordings.

Protection and Versatility

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

UV and CPL filters offer additional protection and versatility. The UV filter protects the lens from harmful UV radiation, while the CPL filter effectively reduces glare and reflections, ensuring higher image quality even in challenging lighting conditions.

Expanding Creative Possibilities

Specialized filters like Snow Mist 1/4 and Light Pollution open up new creative possibilities. Snow Mist 1/4 adds an ethereal, dreamy character to recordings, while Light Pollution allows for clear and pristine nightscapes.

Safe Usage

With GimbalSafe technology, you can be sure that none of the filters will burden the drone's gimbal. The accessories also feature coatings that are resistant to dust, scratches, and grease. They are color-neutral, ensuring the best image quality outdoors.

Included in the Set:

- ND16 Filter
- ND32 Filter
- ND64 Filter
- ND128 Filter
- ND256 Filter
- ND512 Filter
- ND1000 Filter
- SMIST1/4 Filter
- UV Filter
- LPR Filter
- CPL Filter
- ND16/PL Filter
- ND32/PL Filter
- ND64/PL Filter
- ND128/PL Filter
