A Perfect Ergonomic Workspace

Rise the monitor to the best viewing height with storage spaceunder the monitor stand; helping to build a more comfortable and clean environment for work.

Customize to Your Monitor Size

The foldable design that allows you to adjust the width (42cm/47cm/52cm) according to your needs

Sturdy & Durable Construction

The high-quality metal and plastic stand with non-slip feet ensures durability and stability; supports weights up to 25kg.

Ergonomic & Comfortable Design

Raise the monitor to eye-level for a betterviewing experience. Take the strain off of your neck and create better posture to increase work productivity

Keep Your Desk Tidy & Clutter-free

Conveniently put your phone or tablet on the holders; the bottom of the stand can store a keyboard and mouse. The drawer design is great for storing small items, keeping the desktop clean and organized.
