R998

Opt for the Genesis Helium 100 BT - small but functional speakers that will allow you to connect any device wirelessly thanks to BT technology, and it doesn't end there. Use the headphone jack located on the front and enjoy additional lighting. And all this without an additional power supply.

JUST CONNECT

Looking for low-cost speakers that allow you to play music fully wirelessly? Meet the Genesis Helium 100 BT with a BT connectivity module that will allow you to connect to any device such as a

smartphone or tablet. Forget about extra wires - from now on listening to music can be even easier.

HEADPHONES? CONNECT THEM IN SECONDS

If you use headphones, the Genesis Helium 100 BT will meet your expectations. Forget about "diving" under your desk. From now on, you can connect your wired headphones directly to the jack located on the front panel. What's more, you can also easily control the volume. Save time and have everything at your fingertips.

LIGHTING TO ADD COLOUR TO YOUR STAND

Genesis Helium 100 BT are speakers that will further embellish your workstation. The additional lighting will make this model fit perfectly into any space. Both the office and gaming space.

WITHOUT POWER SUPPLY

You don't have to worry about an extra heavy power supply. You will power the Genesis Helium 100 BT with a cable with a USB-A plug. All you have to do is plug it into your computer. This is not only fast, but also convenient. What's more, not having an extra power supply is a benefit of having a free socket to plug in whatever you want.
