

i-tec USB-C Adapter

Model: U31TYPEC

Manufacturer: I-TEC

EAN: 8595611701078

Product Code: 428208

R705

The ADVANCE Series is the highest level of i-tec accessories bringing you the cutting edge technologies of products with a modern design and exclusive packaging.

With this adapter you can connect your current USB 3.1/3.0/2.0 devices such as HUBs, docking stations, display video adapters, external cases for HDD etc. by i-tec or by other manufacturers to your portable electronic devices, which are equipped with new Type C connector.
USB Type C connector supports sided connection, it does not depend on the rotation of the adapter and you do not need to be careful which side to be on top and to the bottom.
Suitable for use with e.g. new Apple MacBook 2015 or Chromebook Pixel 2015.The ADVANCE Series is the highest level of i-tec accessories bringing you the cutting edge technologies of products with a modern design and exclusive packaging.
