

Lindy HDMI CEC Less Adapter, Female to Male

Model: 41232

Manufacturer: LINDY

EAN: 4002888412322

Product Code: 428583

R746

Blocks HDMI CEC signals when there is an incompatibility

Use this adapter when you have problems with incompatibilities between IR remote controls; such problems tend to occur now and then in installations with HDMI splitters and -switches.

The adapter does not pass on the CEC signal further. In principle, you only need to use this adapter upstream of the incompatible devices. However, several adapters installed upstream of a number of devices can be used.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
