From the Lines cable connectivity concept by Lindy, Gold Line DVI-D Dual Link cables are the no compromise, high resolution connection solution for use in the most demanding professional environments.

Gold Line DVI-D Dual Link cables feature triple shielded construction with 28AWG OFC conductors for premium performance and corrosion resistance. High quality 24K gold plated contacts and connectors maintain optimal signal integrity and maximum reliability.

The full metal housing incorporates an integrated finger grip for easy installation. Large thumb screws allow the connector to be tightened into place without the need for a screwdriver and a flexible strain relief prolongs cable life.

These superior quality cables utilise a unique low attenuation design that ensures consistent and reliable transmission even over very long distances.
